The harness kit for the Corner Seat consists of:
(1) Chest/Shoulder Strap - 83” (218.4 cm)
(1) Waist Belt - 42” (106.7 cm)
(2) Connector Straps - Each 3” (7.6 cm)

To Install the Harness Kit (refer to diagrams):
1. Install the waist belt by feeding the non-buckle end from the front through Slot 1, around the back of the seat and from the back through Slot 2.
2. Connect the two ends of the connector straps and set aside.
3. Feed non-buckle end of chest/shoulder strap from the back through Slot 3. Thread through one of the loops on the connector strap then from the front through Slot 1. Wrap around the back of the seat and feed from the back through Slot 2. Thread through the loop in the other connector strap then out the back of the seat from the front of Slot 4. Buckle strap.

To Clean:
Use any commercially available spray cleaner or mild soapy water, then rinse thoroughly with warm water. The straps can be machine washed but should only be air dried.

DO NOT DRY STRAPS IN AN AUTOMATIC CLOTHES DRIER.

Warning:
Never leave child alone in the seat without adult supervision
Be sure child is securely fastened with the harness straps
Belts pose potential choking hazards and, if not in use, should be removed from the seat
Never lift the seat while a child is sitting in it
Never use in a moving vehicle
Never use as a flotation device
